

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF PENNSYLVANIA**

UNITED STATES OF AMERICA	:	CIVIL ACTION
	:	
v.	:	NO. 22-5055
	:	
INHANCE TECHNOLOGIES, LLC	:	

ORDER

AND NOW, this 13th day of June 2023, upon considering Intervenor-Plaintiffs' motion for leave to exceed page and word limit for summary judgment memorandum (DI 43), and Inhance's motion to consolidate briefing schedules (DI 44), it is **ORDERED**:

1. Though Intervenor-Plaintiffs already exceeded the page and word limit in their motion for summary judgment (DI 42) without first obtaining leave, we find good cause exists. Intervenor-Plaintiffs' motion for leave to file excess pages (DI 43) is **GRANTED**.¹

2. Inhance's motion to consolidate briefing schedules (DI 44) is **DENIED** as moot in light of this order.

3. The following briefing schedule — with accompanying page limits — shall apply²:

¹ We remind the parties that when additional pages are sought, they must seek and obtain leave before filing the subject brief.

² This schedule shall also supersede the May 23, 2023 approved stipulation (DI 39).

Date	Brief(s) Due	Page Limit(s) ³
6/30/23	Inhance's response in opposition to the United States' motion for partial summary judgment (DI 37)	30
	Inhance's response in opposition to Intervenor-Plaintiffs' motion for summary judgment (DI 42)	50
7/14/23	United States' reply in support of its motion for partial summary judgment (DI 37)	15
	Intervenor-Plaintiffs' combined (i) reply in support of their motion for summary judgment (DI 42) and (ii) response brief addressing the United States' motion for partial summary judgment (DI 37)	15
7/21/23	Inhance may file a single sur-reply addressing any outstanding issues remaining for either motion (DI 37, 42).	10

4. We will hear oral argument on **Wednesday, August 23, 2023 at 10:00 AM** in **Courtroom 3B** on the motions for summary judgment (DI 37, 42), as well as Inhance's motions to dismiss (DI 10, 40).

MURPHY, J.

³ The parties are encouraged to incorporate arguments by reference to avoid repetition; arguments incorporated by reference do not count against the page limits.
